ANOTHER BOOSTER BORN IN THE GRIER FAMILY

Harry Grier is passing around the cigars today and also going around with a broad smile that speaks eloquently of the fact that a new boy has arrived in the family. The news came from Salida, Colo., the first thing in the morning, and Harry lost no time in advertising the coming. The event took place at the Red Cross hospital in Salida, the home of Mrs. Grier's parents.

ANNOUNCEMENT

I desire to take this means of announcing my candidacy for the democratic nomination for the office of sheriff and assessor of Nye county at the primary election to be held next fall. I elected, I promise to discharge the duties of the office to the best of my ability and to the credit of the county.

(Signed) JOHN BARRIER

AMERICANS 100 PER CENT FINE FROM CRUCIBLE OF THE SCHOOLS

J. B. Tregloan spoke at the high school assembly this morning, taking for his text the recent publication entitled the "Scum of the Melting Pot," which appeared in the Saturday Evening Post, which he described as the Magna Charta of the United States and likened the schools to the metallurgist's crucible wherein the dross and bullion are separated. He referred to the pretensions of the Kaiser in alleging that he was in partnership with the Deity and commented on this by saying that the United States was the special beneficiary of a Divine Providence in having the blessing of good schools which raised up the boys and girls and fitted them for good citizenship. He compared the organization with that of the huge reduction plants of the mining companies wherein Superintendent Dilworth took the place of the chief melter with his assistant teachers as helpers and the children as the metal in transition. The process separated the dross from the

bullion. The latter represented the graduates and the former the rejects who failed to achieve the same opportunity of serving their country by equipping themselves with the attainments that a liberal education affords. Then he instanced the case of Mrs. Kluegal, whom he knew in Amador county where her father was the hired treasurer of the county, and the girl a little toddler going to school and most earnest in applying herself to her studies with such success that now she was selected for her talent to serve the nation through the channels of the Red Cross. Bert Hoover, the food administrator, was another illustration of an ambitious American boy working his way through school and college and reaching the highest eminence in his profession. He also referred to Hugh H. Brown at Stanford and others who were devoting their talents to helping the government make this country a nation of 100 per cent Americans.

THANKS EMPLOYEES FOR GENEROSITY

T. & G. MEN INVEST THEIR SAVINGS IN THIRD LIBERTY LOAN

In appreciation of the liberal response of the employees of the Tonopah & Goldfield railroad in subscribing to the third Liberty loan, General Superintendent W. D. Forster has addressed the following letter to the men in the employ of the company:

"The undersigned takes this occasion to express his gratification at the flattering results of your generous subscription to the third Liberty loan. Your splendid display of patriotism is worthy of the highest commendation. No effort is beyond accomplishment on such an occasion. The spontaneous manner in which the request was met all over the country again proves that as a nation we are united and equal to any war demand made upon us. Doubtless there will be many more similar demands, and without question they will be met in the same loyal, generous spirit.

"The railroad employees have reason to be proud of their record. Their total subscription in the western regional district, which embraces that territory west of Chicago and the Mississippi river, was nearly \$52,000,000, or approximately 2 per cent of the three billion which was the goal set for the entire country. Victory is inevitable, but we all want to make it speedily and complete. Your continued generous support of the boys at the front will accomplish this.

"Mr. W. G. Bied, chairman of the railroad Liberty loan campaign committee, sends his thanks for our subscription in the following words: 'I wish to thank you for, and to express my sincere appreciation of, the hearty co-operation shown by you in the handling of this campaign, and through you to thank each and every one of your employees for the loyal support given.'

DISRESPECT FOR RED CROSS MAY CAUSE ARREST

Rumors regarding remarks against the Red Cross, said to have been made Saturday night by a Hornsilver man during the visit to Hornsilver of Red Cross war-fund boosters, reached the sheriff late yesterday, when Deputy Sheriff Rod Armstrong, on information and belief, swore to a warrant for the arrest of Robert Smith, a hoisting engineer formerly employed at a number of Goldfield mines, according to the Goldfield Tribune. Smith worked as hoisting engineer for the Florence company for a number of years. Sheriff Ingalls went to Hornsilver shortly before noon to bring Smith to Goldfield.

Smith is said to have made his talk in a saloon, in the presence of two witnesses. It is also said that he had been drinking for some time before he made the alleged remarks against the Red Cross.

TONOPAH BOY IN FRANCE

Mr. and Mrs. William Cochrane received a card this morning announcing the safe arrival of Herbert Cochrane in France. The boy who is only 18 years of age and who left the Tonopah high school to join the colors, left here December 12 for Kelly Field in Illinois, where he took his training before going to the mobilizing camp on Long Island. He is attached to the 741st Aerial squadron.

I loan you a watch to carry while I repair your own. I am the finest watchmaker who ever came to Tonopah. Emil Merman at Robert's Grocery store. advM13tf

Read today's news today in the Bonanza.

MAHATTAN CON. LEDGE FLATTENS

John H. Miller, president of the Manhattan Consolidated, said today that the mine was in fine shape and that the only trouble was a delay due to the big ledge flattening out on the 500-foot level, necessitating a longer drive to reach it. The crosser to the big orebody has 60 feet further to go and the distance will be negotiated in the course of ten or 14 days, as the force is alternating in the crosscuts both in the lowest and upper level from the station. In the meantime the management has directed that the carload of ore ordered sent out for sampling purposes be hurried as fast as possible. Sacking began today. Mr. Miller added that he was in the market for all the stock that was offered and had placed an order for 30,000 shares.

POWER LINE SURVEY IS HALF FINISHED

W. A. Ray, county surveyor, is working with a force between Tonopah and the Gold Mountain district establishing the lines for construction of the pole line that will deliver power to the Tonopah Divide and other companies operating in that district. The survey will be completed early next week when the linemen will follow with the poles and wire so that service may be established by the middle of June.

The introduction of power to the Divide country will act as a sharp stimulant to development since it will enable the companies to install a more efficient and economical power than by the use of gasoline or distillate. The Hasbrouck has already entered into a tentative contract for use of electricity and it is probable that a larger compressor will also be installed. The survey has been completed for half the distance.

CANNOT ESCAPE THE HABIT OF READING THE BONANZA

John M. Fox, manager of the Belmont Wagner Mining company, with headquarters at Telluride, Colo., writes as follows: "Dear Bill:—This is to advise you that we find it necessary to take the Bonanza once more. Therefore please have it sent to me at Telluride, Colorado. Taking the Bonanza for the length of time that we have is a habit hard to break and moreover I like to keep in touch with the desert."

SET OF COLORS PRESENTED TO SCOUTS AT SCHOOL

The boy and girl Scouts were treated to a surprise last evening when they received a handsome silk flag with staff and surmounted by a bronze eagle, with holster and collar for the color bearer, from Mrs. M. Coombs.

ITALY DAY OBSERVED IN THE PUBLIC SCHOOLS

At the opening of the classes this morning Mrs. Hugh H. Brown spoke a few words to the pupils urging them to remember that tomorrow was dedicated to the honor of Italy to commemorate the advent of that country into the war. The speaker urged the children to speak a few words to their young friends of Italian ancestry to impress on them the friendship of the American people for that country. Tomorrow the flag-staff on Main street will be surmounted with the Italian colors loaned for the occasion to the Boy Scouts by Alfredo Guinini, the shoemaker. The flag is one of the finest owned in Nevada and measures 9x 5½ feet, and is a home-made masterpiece from the Italian ladies of Tonopah, who are still working on it this afternoon. The banner is of bunting made expressly to withstand exposure which would destroy the beautiful silk flag carried in parades.

NEW CORPORATIONS

The Reorganized Pioneer Mines Company of Goldfield has been incorporated with a capital stock of \$500,000, of which amount \$1000 has been subscribed by H. K. Moore, S. R. Moore, R. Fred Brown, Hugh H. Brown and E. A. Keenan.

TO DRILL FOR OIL

Local interest in the development of the oil possibilities of this section received an impetus again this week when an oil drilling outfit, under contract with the Nevada Salt Basin Dome Oil company was unloaded at the depot. The outfit is in charge of T. W. Clark, an experienced well-driller, and has a capacity of 2000 feet. The machinery will be set up this week at a point three miles southeast of San Springs—Fallon Standard.

CLEM MORGAN, a pioneer of Tonopah and a man who has been identified with the early days of the Comstock, came in this morning from the coast for the sake of spending a few days looking up old associates.

PERSONAL

SENATOR J. T. BELL is back from Carson City.

CHIEF OF POLICE WAITE from Las Vegas was a passenger today for Carson City, where he goes as a witness before the federal grand jury.

CHARLES BENSON could not remain away from his beloved Round Mountain and reported back this morning from a long sojourn in Old Mexico.

W. A. INGALLS, sheriff of Esmeralda county, went through this morning enroute to Carson City as a federal witness in the case of the post-office robbery at Millers.

MISS ADA LEONARD, former housekeeper of the Mizpah hotel, returned today from Grass Valley, where she spent an enjoyable vacation.

HERMANN ZADIG, the father of the assessment plan of operating mines, arrived this morning from San Francisco with the intention of remaining over the end of the week between here and Goldfield.

MISS LORETTA WALSH, daughter of Mr. and Mrs. Frank Walsh, returned today from Tecoma, Idaho county, where she has just completed a successful year of teaching. She will spend the vacation with her parents.

TONOPAH BOY TAKES FIRST PLACE WITH THE GRENADIERS

Lavoy Davis, former star in the Tonopah high school, is rapidly making a place for himself in the army. Prior to leaving Stanford he was given honorable mention for writing the class opera and then in open competition with ten other Stanford boys and 150 regulars he gained first place in the hand grenade section at Camp Fremont, where he is now established. In the university he also achieved renown as leader of the class glee club.

AMUSEMENTS

HIGH SCHOOL SHOW AT THE BUTLER

This evening the Tonopah high school will present at the Butler a special attraction of peculiar interest to the people of Tonopah. Eight members of the senior class, assisted by four of the junior boys, are presenting the clever three-act comedy "Camouflage." The cast has been working very hard, and they have done exceptionally well in their preparation.

Aside from the play, the high school is also presenting three splendid musical attractions. The orchestra conducted by Miss Frances Gower, is to give several numbers. Governor Boyle, ex-Governor Oddie and Mrs. Harry Kluegal, Junior Red Cross director of the Pacific coast, have all commended this orchestra most heartily. The boys' mandolin club, conducted by Harold Stotesbury, is most exceptional because it is an organization entirely of boys, and they make music too!

The girls' glee club will also be there. What can be better than music by a couple of dozen of the most attractive young women of all the west? We assure you that you will have more than your money's worth. Admission, lower floor, all seats reserved, 50c; balcony and children (not reserved), 25c. Show starts at 8 p. m. House open at 7:30. All seats on the lower floor are reserved.

Tomorrow, beautiful Ethel Clayton, in "Stolen Hours," and a two-reel Sunshine comedy, "Are Married Policemen Safe?"—some comedy.

REWARD FOR FUGITIVE

Governor Boyle has issued a proclamation announcing a reward of \$1000 for the arrest and conviction of Paul Walters, who shot and seriously wounded Sheriff Wildes of Churchill county.

Across the Seas They Call

Across the seas there comes the call for Red Cross help.

It comes from soldiers sick with fever, pneumonia, tuberculosis.

It comes from the underfed, shivering, helpless prisoners in the German prison camps.

It comes from little children, orphaned, homeless, slowly starving day by day, by tens and tens of thousands.

It comes from mothers in the pillaged zones of war whose hearts and souls have been made numb with horror.

From all these millions of suffering human beings there comes across the seas the call for help—help that because of the frightful burdens placed upon our Allies cannot be given unless it be provided by the American Red Cross.

Another hundred million is needed to "carry on."

What will Your answer be?

This Space Donated to the Red Cross by
WALTER J. DRYSDALE
